

change may be made only after the Board determines that the proposed temporary change will not interfere with the conservation of healthy fish and wildlife populations, will not be detrimental to the long-term subsistence use of fish or wildlife resources, and is not an unnecessary restriction on non-subsistence users. The decision of the Board shall be the final administrative action. The temporary change shall be effective when directed by the Board following notice in the affected area(s). This notice may include publication in newspapers or announcement on local radio stations. The Board shall publish notice and reasons justifying the temporary action in the FEDERAL REGISTER thereafter. The length of any temporary change shall be confined to the minimum time period or harvest limit determined by the Board to be necessary to satisfy subsistence uses. A temporary opening or closure will not extend beyond the regulatory year for which it is promulgated.

(f) Regulations authorizing any individual agency to direct temporary or emergency closures on public lands managed by the agency remain unaffected by the regulations in this part, which authorize the Board to make or direct restrictions, closures, or temporary changes for subsistence uses on public lands.

(g) You may not take fish and wildlife in violation of a restriction, closure, opening, or temporary change authorized by the Board.

§ 242.20 Request for reconsideration.

(a) Regulations in subparts C and D of this part published in the FEDERAL REGISTER are subject to requests for reconsideration.

(b) Any aggrieved person may file a request for reconsideration with the Board.

(c) To file a request for reconsideration, you must notify the Board in writing within sixty (60) days of the effective date or date of publication of the notice, whichever is earlier, for which reconsideration is requested.

(d) It is your responsibility to provide the Board with sufficient narrative evidence and argument to show why the action by the Board should be reconsidered. The Board will accept a

request for reconsideration only if it is based upon information not previously considered by the Board, demonstrates that the existing information used by the Board is incorrect, or demonstrates that the Board's interpretation of information, applicable law, or regulation is in error or contrary to existing law. You must include the following information in your request for reconsideration:

- (1) Your name, and mailing address;
- (2) The action which you request be reconsidered and the date of FEDERAL REGISTER publication of that action;
- (3) A detailed statement of how you are adversely affected by the action;
- (4) A detailed statement of the facts of the dispute, the issues raised by the request, and specific references to any law, regulation, or policy that you believe to be violated and your reason for such allegation;
- (5) A statement of how you would like the action changed.

(e) Upon receipt of a request for reconsideration, the Board shall transmit a copy of such request to any appropriate Regional Council and the Alaska Department of Fish and Game (ADFG) for review and recommendation. The Board shall consider any Regional Council and ADFG recommendations in making a final decision.

(f) If the request is justified, the Board shall implement a final decision on a request for reconsideration after compliance with 5 U.S.C. 551-559 (APA).

(g) If the request is denied, the decision of the Board represents the final administrative action.
